Report of

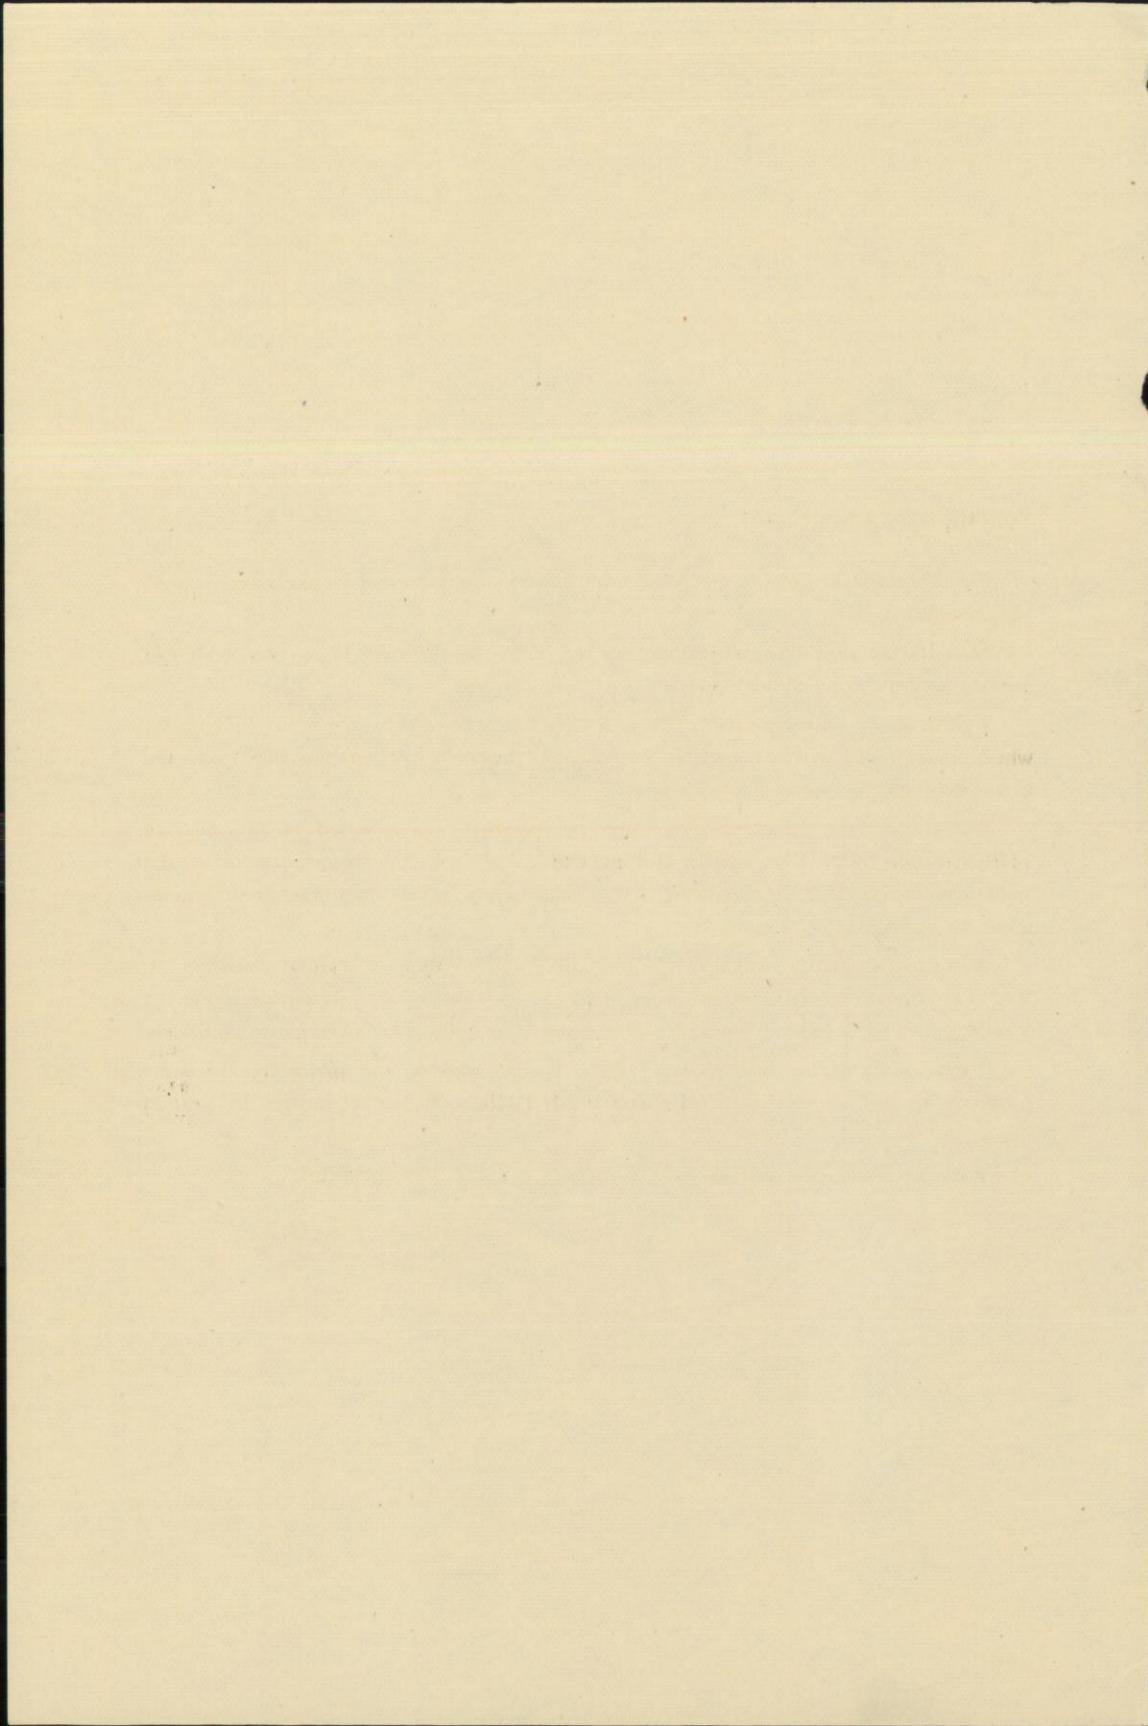

MRS. V. J. ELMORE

President

at the

Fourteenth Annual Meeting  
of Stockholders

February 24, 1948

February 24, 1948

TO THE STOCKHOLDERS:

The Statement of Condition of your Company and the results of its operations in 1947 are presented as a part of this report.

Sales for the year were satisfactory and net profit was sufficient to pay dividends and increase earned surplus \$149,515.91.

United States Treasury Notes Tax Series "C" were owned in amount of \$162,135.00, which amount, with accruals, is deducted from our liability for Federal Income Taxes and is so shown on the year-end balance sheet.

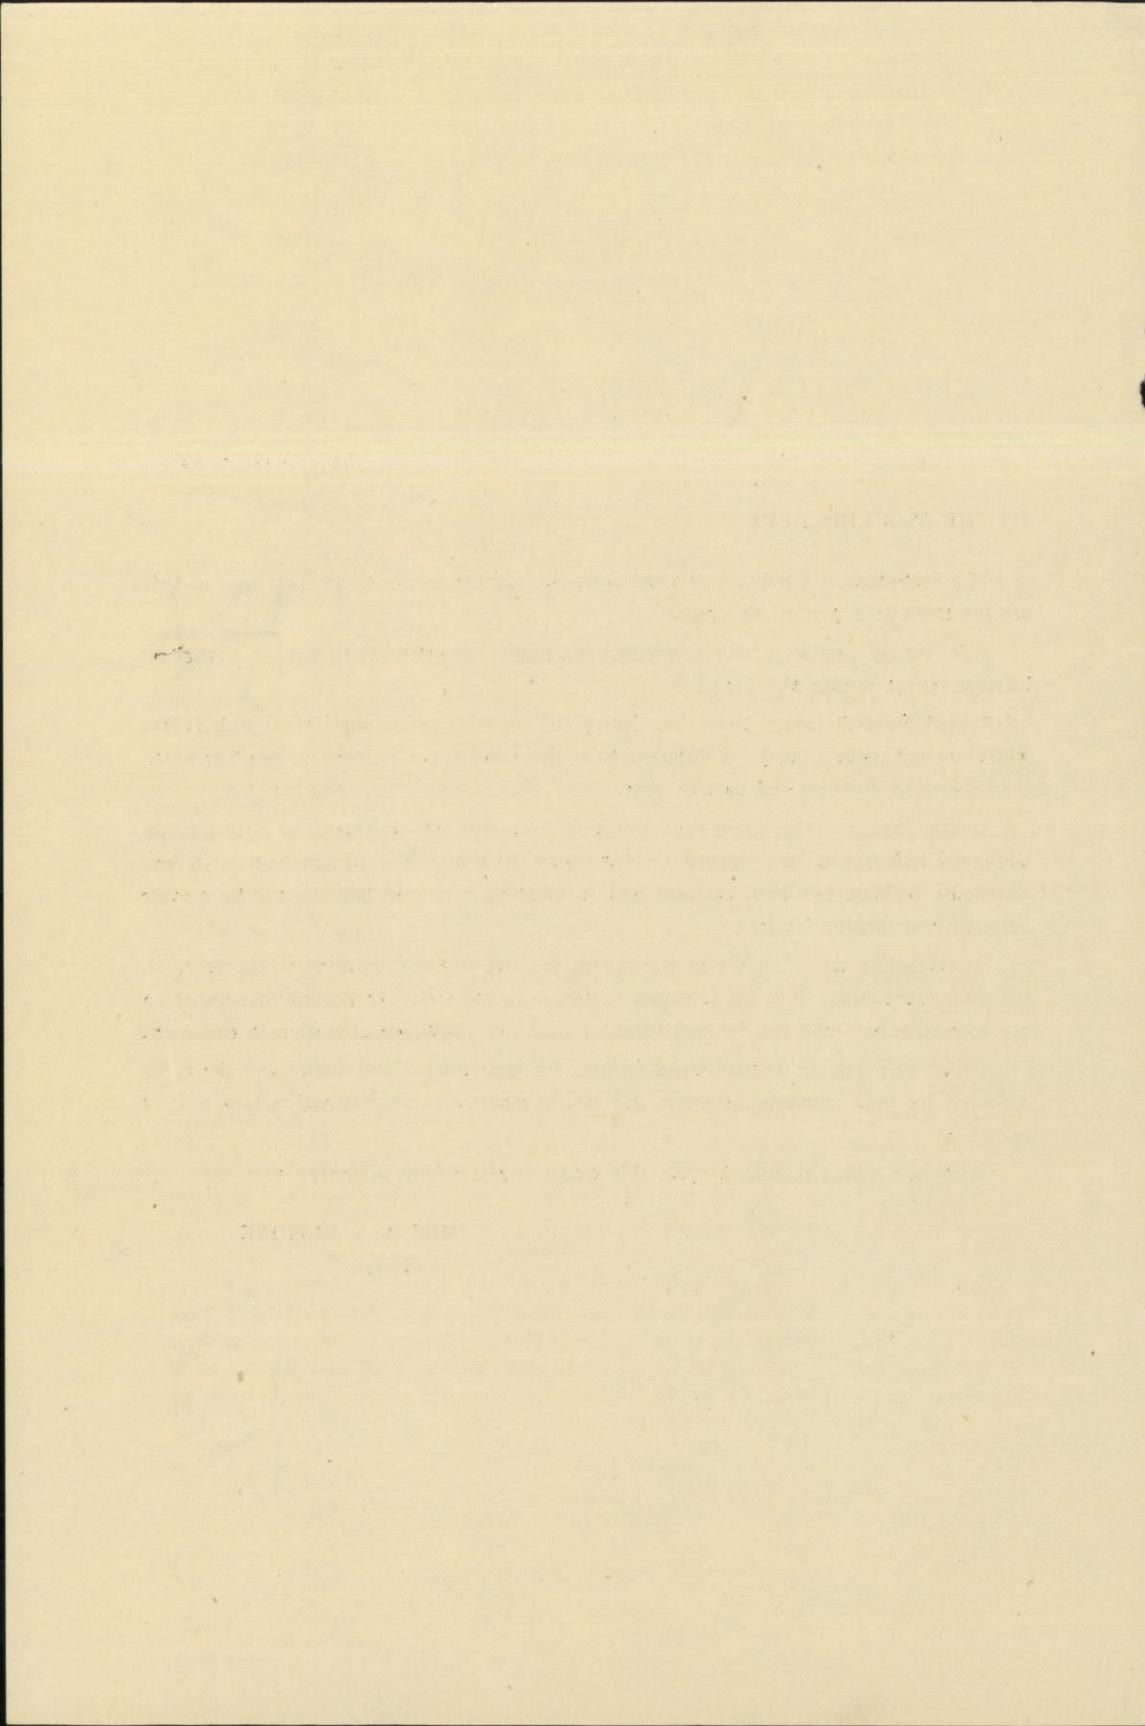

During the year the number of stores in operation was increased to fifty-one, an additional unit having been opened at Homewood, Alabama. The Birmingham office and warehouse building has been enlarged and in addition a quonset hut erected to provide adequate warehousing facilities.

A satisfactory rate of inventory was maintained and inventory position at December 31, 1947 was satisfactory. It is the intention to adhere to the policy of keeping inventories on a conservative basis and yet, by well balanced stocks, to fulfill our obligation to customers.

I wish to thank the Directors and Officers for their counsel and advice and the entire personnel for their unsparing attention and efforts resultant in another satisfactory year of operation.

With best wishes to each of you, this report is respectfully submitted.

MRS. V. J. ELMORE,  
President.

January 26, 1948.

Board of Directors  
V. J. Elmore 5c, 10c and \$1.00 Stores, Inc.  
Birmingham, Alabama.

We have examined the balance sheet of V. J. Elmore 5c, 10c and \$1.00 Stores, Inc., as of December 31, 1947, and the statements of profit and loss and surplus for the year then ended, have reviewed the system of internal control and the accounting procedures of the Company and, without making a detailed audit of the transactions, have examined or tested accounting records of the Company and other supporting evidence, by methods and to the extent we deemed appropriate. Our examination was made in accordance with generally accepted auditing standards applicable in the circumstances and included all procedures which we considered necessary, except that we did not have representatives present at the time physical inventories were taken at the fifty-one retail stores operated by the Company.

Merchandise inventories on hand at the retail stores and at the warehouse are based upon physical counts which were made under supervision of the management from December 27, 1947, to January 10, 1948, and adjusted for intervening transactions to December 31, 1947. The store inventories are priced at cost as determined by the retail inventory method, and the warehouse inventory is priced at the lower of cost or market as determined by the first-in, first-out method of inventory valuation. We were present at the warehouse at appropriate times during the taking of inventories, observed the procedures followed in determining quantities, and made test counts of items appearing in the inventories. We also reviewed the application of the retail inventory method and related computations, and tested the pricing, extensions, and the footings of the inventories.

In our opinion, subject to the limitation of the scope of our examination with respect to inventories as set forth in the first paragraph of this report, the accompanying balance sheet and related statements of profit and loss and surplus present fairly the position of V. J. Elmore 5c, 10c and \$1.00 Stores, Inc., at December 31, 1947, and the results of its operations for the year, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

ERNST & ERNST.
